Notice of House of Delegates Meeting
Room 311A, Beijing International Convention Centre
12:00-13:30, Wednesday 28 August 2013

Treasurer's report – Caroline Mohammed

Funds from the Darwin conference (approx. 5,000 AUD) are being held in trust by APPS. It is not possible for an a/c to be opened in Australia but APPS can be invoiced via Peter Williamson for the money when there is a need to spend this money e.g. if the funding is required for Thailand then an a/c could be opened there and Peter invoiced.

AASPP committee members at this meeting need to discuss

- 1) how best the existing funding can be invested to promote the objectives of AASPP and how much should be dispersed.
- 2) how to grow this funding e.g. by using small percentage of any profit from Thailand conference or other appropriate means of raising funding.
